

**Meron Mathias**  
**Vice President, Corporate Social Responsibility & Sustainability**  
**Thermo Fisher Scientific**

Meron Mathias leads corporate social responsibility (CSR) for Thermo Fisher Scientific, the world leader in serving science. She partners across the company to shape and action environmental, social and governance (ESG) initiatives that drive positive business and societal outcomes.

Since joining Thermo Fisher in 2020, Meron has helped the company set an ambitious new CSR agenda, advanced its climate change strategy, coordinated a sustainable finance program, and expanded the scope and transparency of ESG disclosures. She also directs the company's Foundation for Science which invests in the next generation of innovators, helping to build a future STEM workforce that more fully reflects our society and leverages its diversity to solve the world's most complex problems.

Meron is a native of the Greater Washington, DC area with international experience in the private, public, and nonprofit sectors. She has a bachelor's degree in biology and mathematics from the College of William and Mary and an MBA from George Mason University.
