

Martha McCabe bio – August 2023

As the Senior Vice President of Community Partnerships, Martha McCabe leads a team actively developing cross-sector partnerships strategically engaged with Project Lead The Way (PLTW) students, teachers and administrators across the country. Prior to coming to PLTW, Martha served as the Executive Director of the Kansas City Science, Technology, Engineering and Math (KC STEM) Alliance for the past 10 years seeking opportunities throughout KC and beyond to advocate for STEM education for all students. Through Martha's leadership, their work garnered national recognition as a best practice model replicated in a variety of cities across the US, most notably the Mass STEM Hub in Boston. Martha also received the Advocating Women in Engineering international award from the Society of Women Engineers and the University of Missouri-Kansas City's chancellor's staff award for Excellence in Engagement and Outreach.

Trained as a clinical exercise physiologist, Martha worked clinically at healthcare facilities and on healthcare advocacy and workforce initiatives with an interest in rural healthcare.

She received both her graduate and undergraduate degrees in exercise physiology and kinesiology from the University of Kansas and now resides in Kansas City, MO.
